PROFESSIONAL SUMMARY

Computer Engineer from Chinhoyi University of Technology with hands-on experience in IT support, WordPress development, networking fundamentals, and digital systems maintenance. Experienced in troubleshooting hardware and software issues, maintaining ICT infrastructure, developing responsive websites, and supporting users in professional environments.

Demonstrated ability to work across technical support, networking, web development, and digital content creation. Skilled in WordPress, Elementor, networking fundamentals, system troubleshooting, and responsive web design, with a strong interest in IT support, systems administration, networking, and modern web technologies.

TECHNICAL SKILLS

IT Support & Systems

- Hardware and software troubleshooting
- Windows installation and configuration
- Printer setup and maintenance
- User support and technical assistance
- Computer lab maintenance
- Software installation and updates
- Basic systems administration
- Documentation and reporting

Networking

- TCP/IP fundamentals
- Router and switch basic configuration
- Wireless networking setup
- Network troubleshooting
- Cable crimping
- VLAN and subnetting fundamentals
- Cisco Packet Tracer simulations

Web Development

- WordPress development
- Elementor Pro
- HTML5
- CSS3
- Basic JavaScript
- Responsive web design
- Website deployment and maintenance
- Domain linking and hosting configuration
- Custom CSS styling
- Basic SEO principles

Programming Languages

- Python
- Java
- JavaScript
- C
- Haskell
- HTML/CSS

Digital Design & Content Creation

- Canva
- Flyer and poster design
- Event branding
- Presentation design
- Brochure design
- Logo design
- Digital marketing content

Tools & Platforms

- GitHub
 - Visual Studio Code
 - XAMPP

-

PROFESSIONAL EXPERIENCE

IT Support Intern

Westridge Primary School | July 2024 – August 2025

Provided day-to-day technical support and assisted in maintaining the school's ICT systems and infrastructure.

Key Responsibilities

- Provided first-line technical support to staff and learners
- Troubleshoot hardware, software, printer, and network issues
- Installed and configured Windows systems and software applications
- Assisted in maintaining computer labs and classroom technology
- Supported WiFi and local network connectivity troubleshooting
- Maintained and updated ICT equipment and systems
- Assisted with documentation, reporting, presentations, and user support
- Created digital content and educational materials using Canva
- Assisted in basic application development using MIT App Inventor
- Worked with minimal supervision in a fast-paced educational environment

Key Skills Developed

- Technical troubleshooting
- User support and communication
- Systems maintenance
- Team collaboration
- Documentation and reporting
- Time management and adaptability

PROJECTS

E Lab Robotics Website Development

www.elabrobotics.co.zw

Role

Web Designer & WordPress Developer

Project Overview

Designed and developed a modern WordPress website for a robotics and STEM education company. The website was built to establish a strong online presence and support educational programmes, events, and product showcases.

Responsibilities

- Complete WordPress setup and configuration
- Elementor Pro page design and customization
- Responsive website development
- Domain linking and hosting setup
- Events calendar integration
- Custom CSS styling
- Website optimization and maintenance
- Content layout and structure design

Technologies Used

WordPress, Elementor Pro, HTML, CSS, Canva

Global College Website Development

www.globalcollege.co.zw

Role

Frontend Web Developer & Website Customizer

Project Overview

Developed and customized a professional educational website focused on improving the institution's online visibility and user experience.

Responsibilities

- Frontend website customization
- Responsive layout development
- Navigation and content restructuring
- CSS customization and optimization
- Mobile responsiveness improvements
- Content presentation enhancement
- Website deployment support

Technologies Used

HTML, CSS, JavaScript, WordPress, Canva

EDUCATION

Bachelor of Engineering in Computer Engineering (Honours)

Chinhoyi University of Technology

2021 – Expected 2026

Relevant Areas of Study:

- Networking
 - Computer Systems
 - Software Development
 - Cybersecurity Fundamentals
 - Systems Analysis
 - Database Concepts
-

CERTIFICATIONS & TRAINING

- Cisco CCNAv7 Introduction to Networks – TelOne Centre for Learning (2021)
- Cisco CCNAv7 Switching, Routing, and Wireless Essentials – TelOne Centre for Learning (2021)
- Cisco CCNAv7 Enterprise Networking, Security, and Automation – TelOne Centre for Learning (2021)
- Fundamentals of Digital Marketing – Google Digital Skills for Africa (2019)
- ICT Fundamentals (HEXCO) – 2019

- DELF A2 – Alliance Française (2018)
 - DELF A1 – Alliance Française (2017)
-

ADDITIONAL INFORMATION

- Clean Class 4 Driver's License
 - Basic French communication skills
 - Strong problem-solving and analytical skills
 - Excellent communication and teamwork abilities
 - Ability to work under pressure and adapt quickly
 - Highly motivated and eager to learn
-
